Vishmi Amandi

UI/UX Designer Intern

vishwijesooriya@gmail.com 0706661899 Gampaha linkedin GitHub

SUMMARY

Detail-oriented Information Systems undergraduate with hands-on experience designing user interfaces, wireframes, and interactive prototypes using Figma. Skilled in gathering user requirements, mapping user flows, and iterating on designs based on feedback. Experienced in designing for diverse user groups including rural and underserved communities. Strong foundation in UX principles and visual design, seeking a UI/UX Design Intern role to create user-centered digital experiences.

EDUCATION

Bachelor of Science (Hons) in Information Systems 2024 – Present
Sabaragamuwa University of Sri Lanka

G.C.E. Advanced Level- Biological Science Stream 2022/2023
WP/GM/Yasodara Devi Balika Maha Vidyalaya

PROJECTS

Urban Eye, *(Group Project)* (Ongoing)
- Co-authored project proposal for a civic complaint platform with citizen-facing reporting and officer dashboards.
- Documented requirements across 7 modules including citizen reporting, emergency alerts, and community voting.
- Designed Use Case, ER, and Class diagrams using UML and Currently developing with React.js, Node.js, MySQL, and Socket.IO using Agile methodology.

Smart Grama Sewa , *(Group Project)* 2026
React.js | Firebase
- Contributed to the user interface design for a platform digitizing Grama Niladhari services.
- Helped define how citizen data would be captured and displayed.
- Analyzed service usage patterns to inform feature prioritization and UX improvements.

360LK , *(Group Project)* 2025 – 2026
- Designed user interfaces, wireframes, mockups, and user flows for an immersive virtual tourism platform.
- Collaborated with the team on content organization and site structure.
- Presented design prototypes to team members for feedback and iterative refinement.
- Focused on creating an immersive, visually engaging experience for cultural and natural heritage sites.

DermaScan , *(Group Project)* 2025
- Gathered user requirements and designed wireframes, prototypes, and user flows for a mobile app targeting rural and underserved communities.
- Designed wireframes, prototypes, and user flows with a focus on accessibility and low digital literacy.
- Iterated on prototypes based on team feedback and usability considerations.

- Defined how user data would be captured and displayed in a simple, intuitive interface.

HR Analytics Dashboard , *(Individual Project)* 2026
Power BI | DAX | Data Visualization
- Designed an interactive dashboard visualizing 1,470 employee records with a focus on clarity and usability.
- Created intuitive layouts and color-coded visuals for non-technical stakeholders.
- Identified key attrition drivers and presented findings through clear visual storytelling.

TECHNICAL SKILLS

Design — Wireframing, Prototyping, Figma, Adobe Illustrator
UX Skills — User Research, Persona Creation, Journey Mapping, Usability Testing
Languages — HTML, CSS, JavaScript, Java, python
Business Analysis — Requirements Gathering, User Stories, Process Mapping, UML Diagrams, Trello, BPMN, Lucidchart, Draw.io, Gap analysis, SWOT analysis
Tools & Version Control — VS Code, Git, GitHub, Google Collab, MySQL Workbench, MS office suite
Databases — MySQL, MongoDB, Firebase
Frameworks/libraries — React js, Next js, Tailwind CSS
Data & Visualization — Power BI, DAX, Tableau, Excel, SQL

SOFT SKILLS

Problem-Solving	Communication	Attention to Detail
Creative Thinking	Teamwork & collaboration	Time management

VOLUNTEERING

PearlHack 3.0 – IEEE, WIE, SUSL, *Design team member* 2024

IEEE student branch, SUSL, *Graphic design team member* 2025 – present

CERTIFICATES

Figma Design Basics and Features
